

The World's Greatest Unsolved Ciphers

Prof. Craig Bauer
(York College of Pennsylvania)

Date: Wednesday, 24 April 2013

Time: 1200-1315

Location: Chauvenet 110

Abstract: Ciphers that have never been solved from recent times going back hundreds of years, will be detailed. The list includes many lesser-known ciphers that you likely have never seen before. Note: Students are encouraged to attend. The talk will be structured in such a way that you can come in late or leave early and still get a lot out of it. Should be interesting to students and faculty, from math or history or computer science.

About the Speaker: Craig Bauer is a cryptography expert who is managing editor of *Cryptologia* and teaches mathematics at York College in York, PA. His website is <http://faculty.ycp.edu/~cbauer/>.
