

USNA Math Department Colloquium

*Factorization of permutations*

Prof. Chi-Kwong Li (College of William and Mary)

Date: Monday, 8 April 2013

Time: 1545-1645

Location: Chauvenet 110

**Abstract:** We discuss some results and problems concerning factorization of permutations arising in various areas including algebra, combinatorics, computer science, numerical linear algebra, optimization, genomics, quantum computing, etc.
